MISSION

- ▶ To equip and empower those interested in transforming or creating a faith community dedicated to helping people be more Christ-like.
- ▶ To help ensure the missional church movement does not become colonized, sanitized or commercialized, but rather remains a wild, gospel-centered, people-driven movement.
- ▶ To celebrate and strengthen our faith and relationships through intentional time together.

COMPANY OVERVIEW

A three-day gathering planned in Ontario, California September 21-23 where we will express and explore faith and community through dialogue, art, music, spoken word and more.

No one owns this movement. We are brothers and sisters in arms, pressing forward toward a world reconciled, healed and driven by God's love, as expressed through love of, and care for, one another.

Though the central focus of the missional movement is to embody the life and teachings of Jesus in our world today, the network and event are open to people of all faiths, no faith, or who are unsure of what they believe.

SPONSORS

This event is co-sponsored by the Western Regions In Ministry of the Disciples of Christ.
